

**Actual Scale Build-up  
on Exchanger and Pipes**

**Don't let this happen to your  
tankless water heater!**

**HOUSEPURE<sup>®</sup>  
SECURE**

Have you recently purchased a  
tankless water heater?

**SECURE** your new investment!

Scale buildup is the #1 problem that  
plagues and damages tankless water  
heaters. Most warranties do not  
cover damage due to scaling.

Make sure your new appliance lasts  
by having your plumber install a  
HousePure Secure.

Water has been our business for over 30 years.  
Trust Water, Inc. for all your water treatment needs.

Call us for selection assistance and local dealer information.

## HP SECURE: WHY HOUSEPURE IS THE BEST OUT THERE

- Flexible Left or Right installation
- Twice the Siliphos® scale protection
- Added cartridge protection: food-grade bonded end caps ensure Siliphos will not escape
- Water, Inc. has 30 years of water treatment experience

### HOUSEPURE SECURE LIMITED LIFETIME WARRANTY

The HousePure Secure has an outstanding Limited Lifetime Warranty.

Your HP-Secure will be warranted as long as it is properly installed and properly maintained.

You will be covered if you change the cartridge annually, and with genuine Water, Inc. cartridges. *It is that simple!*

Register product for warranty and we will remind you when it's time to change the cartridge. Our annual postcard has your provider's contact information and assures gap-free protection of your new appliance.

Scan QR or visit [waterinc.com/warranties](http://waterinc.com/warranties) for full details on Water, Inc.'s HP-Secure Limited Lifetime Warranty.

Tested to NSF/ANSI Standard 42 for material requirements

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. BEFORE installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Department at 800.322.WATER(9283)

## HousePure Secure .75" System

- **TWICE** the Siliphos Polyphosphate scale protection of other brands
