Standard 53 - Health Effects

- Chemical Reduction
- Lead • TTHM • VOC
- Mechanical Filtration
- Cysts • Asbestos

BG-3000C
Replacement Cartridge

Part # WI-BG3000C

Shipping Wt: 3 lbs.

FLOW RATE: 0.75 GPM / **CAPACITY:** 450 gallons or 1 year

EASY QUICK-CHANGE REPLACEMENT CARTRIDGE: Body Glove Water Filter Systems have an automatic shut-off valve built into the head unit, so changing the cartridge is a breeze. Includes a filter change indicator.

Meets National Lead Laws including NSF 372 - 2011 Drinking Water System Components - Lead Content and S.3874, Reduction of Lead in Drinking Water Act, CAAB 1953 and VT Act 193.

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Depart. at 800.322.WATER(9283)

Installations must comply with appropriate plumbing codes. Do not use vinyl tubing to connect any Water, Inc. Product to a water source. Polyethylene tubing is recommended for cold water applications.
