Portable Water  
Filter Bottle**

Part # WI-BG-BOTTLE-20

Body Glove portable water filter bottle provides convenient water filtering on the go. Save time, money, and the environment with our reusable water filter bottle.

The Body Glove Filter Bottle is the perfect solution for those traveling to foreign countries where safe drinking water is costly. Our filter bottle is great for any outdoor use: walking, hiking, biking, travel, camping or emergency preparedness! For the 75% of water consumed away from home, this is the perfect portable product.

Each bottle produces up to 100 gallons of great-tasting water, and is equal to 757 half liters of bottled water. It is recyclable and BPA-Free.

**Key Features:**

- Produces up to 100 gallons of filtered water or more, depending upon the quality of the source water.
- Has a flip top with suck straw for drinking, and a screw on/off cap for easy filling.
- Compact, lightweight and easy to use.
- All materials are FDA food grade approved and BPA-Free.
- Filter is replaceable.
- Body Glove exclusive filters are the most laboratory and field-tested of their kind in the world using EPA protocols and tested to NSF/ANSI Standards 42 and 53 by Broward Testing laboratory.

**The patented Ionic-Adsorption Micro-Filtration System reduces up to 99.99% of the following zones of contamination:**
