

MODEL

DESCRIPTION

ULTRAVIOLET SYSTEM

Part # WI-ENV-UV-PAK

Shipping Wt: 8 lbs.

The EnviroPure UV-PAK provides a practical method to purify household drinking water using germicidal Ultraviolet (UV) light. The short wave UV light destroys bacteria, viruses, and other microorganisms by interfering with DNA and RNA in the organisms' reproduction cycle. No chemicals are added to the water. The UV portion of the UV-PAK has not been tested by the NSF nor certified by the California Department of Health Services for health claims. The UV light, however, is effective for the claim made of disrupting the reproductive cycle of bacteria, viruses, and microorganisms.

Includes: BG-1000 Head Unit and Cartridge, UV-Housing, UV-Bulb, and Mounting Board.

Board Dimensions = 16-1/2" x 10".

Available in domestic or international usage.

ULTRAVIOLET BULB

Part # WI-ENV-UV-BULB

Shipping Wt: 1 lb.

Replacement bulb for ultraviolet system.

BG-1000C REPLACEMENT CARTRIDGE

Part # WI-BG1000C

Shipping Wt: 2 lb.

Replacement cartridge for ultraviolet system.

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Depart. at 800.322.WATER(9283)

Installations must comply with appropriate plumbing codes. Do not use vinyl tubing to connect any Water, Inc. Product to a water source. Polyethylene tubing is recommended for cold water applications.
