DESCRIPTION

HousePure® 06

Part # WI-HOUSEPURE-06

Shipping Wt: 275 lbs.

Commercial Grade Whole House Water Filter System

The HousePure-06 is the high capacity commercial version of the residential HousePure 02 & 04 whole home filter series. The HousePure-06 boasts 2" inlet and outlet lines for larger homes and businesses that require higher flow rates. The large-capacity tank offers 4 cubic feet of premium coconut shell granular activated carbon along with 10-lbs of KDF-55 media. Together, these two mediums create a high degree of water conditioning benefits including dechlorination, bacteria inhibition, taste and odor reduction, and water polishing from every outlet.

The HousePure-06 has a 2" inlet and outlet, which can be bushed down to accept smaller pipe sizes if needed. The unit includes a 2900 series commercial, 24VDC controller and a 3200 2" metered valve.

Includes Installation Parts and Install/Owner's Manual*

Flow Rate: 40 GPM

Dimensions: Width: 18" Height: 80" Depth: 18"

Media Volume: 4-cubic feet, coconut shell granular activated carbon (Tank 1)
10-lbs, KDF-55 Medium (Tank 1)

Operating Temperature Range: 34°F to 110°F (Not appropriate for freezing temperatures.)

Pipe Size: Inlet- 2", Outlet- 2", Drain- 1"

Water Pressure Range: 20 PSI to 75 PSI

Water Quality: Not for use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

Operating Voltage: 24 VAC, 50/60 Hz, 120 VAC transformer included.

Component Tested to NSF/ANSI Standard 42
for material requirements.

Meets National Lead Laws including NSF 372 - 2011 Drinking Water System Components - Lead Content and S.3874, Reduction of Lead in Drinking Water Act, CAAB 1953 and VT Act 193.

NOTE:

Connector and Bypass at additional cost.

CUSTOMERS CONCERNED WITH CHLORAMINES CAN UPGRADE THIS PRODUCT.

Our non-chemically impregnated coconut based activated carbon has been surface modified during manufacture. Our product is 3 times more effective than competitive products and 15 times more effective than our standard HousePure media.

Upgrade to more complete chloramine removal! WI-HOUSEPURE-04-CHL

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI.
