----------The BG-3000R cartridge will fit most residential Everpure* single head units.
The BG-3000R will not fit any commercial Everpure* head units. Call our service department to confirm compatibility.

Have an older filter system? Get a Body Glove System Upgrade!

*Everpure is a registered trademark of Everpure LLC. Body Glove, 3M, and Water, Inc are not affiliated, nor have a relationship with Everpure LLC.

Maximum recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. BEFORE installation of any Water, Inc. product confirms that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Dept. at 800-322-WATER (9283)

Installations must comply with appropriate plumbing codes. Do not use vinyl tubing to connect any Water, Inc. Product to a water source. Polyethylene tubing is recommended for cold water applications.
