Dear Water, Inc. Authorized Dealer:

Water, Inc. is committed to comply with Proposition 65 regulations. Based on current process and understanding, Water, Inc. has not applied a Proposition 65 warning to the products noted below.

California Proposition 65 is a risk-based regulation that requires warnings for exposures from substances known to State of California to be carcinogens or reproductive toxicants (i.e., CA Prop 65 List). The new Proposition 65 requirements allow companies to provide relevant Proposition 65 information by a variety of methods. For more information on Proposition 65 regulatory changes, please see the OEHHA website.
